

Note to our clients RE: COVID-19

From all of us at Sundecks, Inc. and Post Designers & Builders, we hope you and your family are well and taking care of yourselves.

We are monitoring updates from the Centers for Disease Control and Prevention (CDC) and government policies to ensure we are taking the necessary precautions to ensure everyone's health and safety in serving our customers.

In the office and in the field, we are operating as business as usual. We will update you should there be any changes. Please know that we are available via phone, email and text to address any concerns or questions you may have.

Sincerely,

Dennis Baker
President
